In addition, the Association shall promote all scientific projects or measures in connection with these purposes.

1.4 Financial Year

The Association's financial year is the calendar year. The first financial year shall end on 31 December of the same year that the By-Laws become effective. The General Meeting may decide on a different financial year.

1.5 Duration

The duration of the Association is unlimited. The Association can only be dissolved by a extraordinary General Meeting called for that purpose by a decision of two thirds of the valid votes cast at that General Meeting – with the exception of a dissolution on cogent legal grounds.

The General Meeting shall also decide on the liquidation of properties and assets of the Association, if any, and in particular, appoint a liquidator.

In the event that the Association is dissolved or its tax privilege purposes cease, its assets will devolve upon

Deutsche Krebshilfe

which shall exclusively and directly use them for non-profit purposes.

§ 2 Association Membership

2.1 Types of Memberships

- a) Members of the Association shall be divided into
 - aa) Ordinary Members
 - ab) Extraordinary Members
 - ac) Honorary Members
- b) Ordinary Members shall be those who are actively participating in the Association's activities. Ordinary Members have to be a physical person.
- c) Extraordinary Members shall be those who are supporting the Association and its purpose in particular with tangible or intangible contributions. Extraordinary Members can be a natural or a legal person of private and public law or a partnership under commercial law, as well as a non-incorporated association, but cannot be a civil law association or a community of heirs.
- d) Honorary membership shall be awarded to persons by reason of their significant contributions to the Association or its aim.

2.2 Membership Application

The Executive Board shall decide ultimately by written resolution on the acceptance or otherwise of applications for ordinary or extraordinary membership upon written application. Honorary Members shall be appointed by the General Meeting upon application of the Executive Board.

The applicant shall guarantee that he or she will promote the purpose of the Association. With submission of the application, the applicant agrees to the by-laws and any duties of the members. Prior to the Association's constitution, members are preliminarily accepted by the proponent(s). This membership becomes only effective with the Association's constitution.

2.3 Rights of Members

- a) Ordinary Members and Honorary Members shall be entitled to make use of the Association's facilities and to participate in events. All members shall be entitled to participate in the General Meeting. Only Ordinary Members and Honorary Members shall be entitled to voting rights in the General Meeting; they shall also have active and passive voting rights.
- b) All members shall support the interests of the Association to the best of their abilities and shall refrain from undertaking anything that might affect its reputation and purpose. The members shall comply with the Association's By-Laws and all resolutions adopted by its organs.

2.4 Membership Fee

Ordinary Members and Honorary Members shall pay a registration fee and the membership fee. The membership fee shall be set by the Executive Board within the limits of the scale of fees which shall be determined once a year in the ordinary General Meeting.

Upon adoption of the By-laws, the scale of fees shall be set as follows:

a) For Ordinary Members

- aa) Natural persons
- ab) Legal persons, partnerships under commercial law and non-incorporated associations

b) For Extraordinary Members

- bb) Natural persons

The registration fee for Ordinary Members and Extraordinary Members shall be set by the Executive Board.

Terms and conditions shall be determined by the Executive Board.

2.5 Termination of Membership

The membership ends upon death of the member (or loss of legal personality in case of legal persons), or upon withdrawal by written notice, upon cancellation or upon expulsion for good cause. A member can only be expelled for good cause upon the application of the Director or Executive Board and with the unanimous approval of the Executive Board (without voting right of any member of the Executive Board concerned).

Members can only withdraw from their membership on 31 December of each year. The withdrawal shall be notified to the Executive Board no later than three months before. Any withdrawal received later shall only become effective at the respective date of the following year. The Executive Board may cancel a membership, if the member has failed to pay the membership fees for more than three months despite receipt of two reminders. Cancellation does not affect a member's obligation to pay the due membership fees.

The Executive Board may expel a member for good cause such as gross violation of the membership duties and/or dishonorable behavior, so that his or her membership seems not to be acceptable for the association anymore. A good cause is also constituted, if bankruptcy, composition proceedings or other insolvency proceedings have been opened in a court against the respective member.

Prior to the Executive Board's resolution on whether or not to expel the member, the affected member shall be first granted the opportunity to comment on the reason for his or her expulsion before the Executive Board.

The member shall have the right to appeal against his or her expulsion in the General Meeting. The member's rights shall be suspended until the decision of the General Meeting.

Honorary Membership may also be withdrawn for the same cogent grounds as mentioned above.

The termination of the membership does not exempt the member of the duty to pay membership fees; such exemption shall only become effective at the end of the year, in which the termination took place.

- 2.6 Upon termination of the membership, the member shall not be entitled to any share in the property or assets of the Association.
