

## Support opportunities

### Charitable Donations any amount

Supports the general educational objectives and initiatives of CIMT. Supporter will receive acknowledgement through listing as “General Supporter” on promotional material including programs, event signs and CIMT website.

### Website Development any amount

Ongoing enhancements include European Cancer Immunotherapy specialist address database, board, member and award winner profiles, society documents, accomplishments, news and calendar of events. Supporter acknowledged through placement of name, logo and link from logo to website of supporter’s choice on CIMT general web pages.

### Young Investigator Awards

The CIMT consortium is searching for support to establish a Young Investigator Award. The award would be presented to a young investigator selected by excellence in abstract and oral presentation at the 8th Annual Meeting. Supporter will receive acknowledgement in all promotional material for the awards, including the CIMT website, meeting programs and onsite signs.

### Specific Support for the CIMT working groups

The CIMT Immunoguiding Program (CIP) and the CIMT Regulatory Research Group are targeting important issues and are driving forces in the field of cancer immunotherapy. Further funding will enable new projects to be initiated. Supporter will receive acknowledgement in all promotional material for the awards, including the CIMT website, meeting programs and onsite signs. Direct access to the working group board members will be arranged.
